WORK EXPERIENCE

React JS Developer GE Solucions

09/2025 - Present

Karachi

Achievements/Tasks

- "Developed responsive and high-performance user interfaces using **React.js** and modern JavaScript (ES6+)."
- "Built reusable and scalable **React components** to improve code maintainability and development speed."
- "Integrated **RESTful APIs** using **Axios** with **Redux Toolkit** for dynamic data handling."
- Converted **Figma / PSD designs** into pixel-perfect React applications with full responsiveness.
- Implemented **form handling and validation** using React Hook Form.
- Ensured **cross-browser compatibility** and mobile-first responsive layouts.

Frontend Developer MangoTech Solutions

07/2023 - 07/2025

Karachi

Achievements/Tasks

- **Converting Figma designs into responsive React components** with pixel-perfect precision, integrating them seamlessly into MERN stack applications to ensure optimal performance.
- "**Enhancing functionality and interactivity** in web applications by leveraging powerful React libraries within the MERN stack ecosystem, delivering a dynamic and engaging user experience."
- "**Implementing efficient state management using Redux** within React applications, ensuring smooth data flow and consistent UI behavior."
- "**Integrating and managing CRUD operations via RESTful APIs** built with Express.js and MongoDB, enabling seamless creation, retrieval, updating, and deletion of data within applications."
- "**Developing structured routing and navigation systems** to create smooth user flow and intuitive access across both client-side interfaces and admin dashboards."

QUALIFICATION

Web and Mobile Hybrid App Development Sir Adamjee Institute of Management Sciences

08/2022 - 08/2023

Karachi

Certificates

- **Mern Stack Developer**
- **Frontend Developer**
- **Courses:** MongoDB, Express.js, React.js, Node.js, Redux, React Native
- **Courses:** HTML5, CSS3, Bootstrap, TailwindCSS, JavaScript, Github, Firebase

SKILLS

HTML5

CSS3

Tailwind CSS

Bootstrap

Material UI

JavaScript(ES6)

MongoDB

Express.js

React.js

Node.js

Next.js

Redux

Firebase

React Native

Shopify

Github

ACHIEVEMENTS

Successfully developed multiple production-ready React applications, improving client engagement and usability.

Improved website performance by 30–40% through component optimization, lazy loading, and efficient state management.

Converted Figma/PSD designs into fully responsive React interfaces, reducing UI revision requests by 40%.

Built reusable component libraries, reducing development time for new features by 25%.

Integrated secure authentication and authorization flows, improving application security and user access control.

Delivered eCommerce and dashboard applications with real-time API integration and dynamic data handling.

Successfully collaborated with cross-functional teams to deliver projects on time and within scope.

Deployed applications on Vercel/Netlify, ensuring high availability and fast load times.

Maintained high code quality by following best practices, modular design, and version control standards.
